Q.4 (4)

Trust between people is the basis of coexistence. If trust breaks, social unity receives a blow. How can national unity be achieved without social unity? Hence it is necessary that we all counter this religious communalism with all our strength. For this we should mix with people of different religions. We should accept the good practices and ideas of each other. We should be able to look at and understand our economic and social problems rationally. We should not mix these questions with religion. We should search for the economic, political or historical reasons that are responsible for disturbing religious harmony. This is the only way to put an end to communalism and strengthen national unity.
